

Dear Mr Hatton.

My name is Germaine Muller.

I'm chairperson of Yungngora Aboriginal Incorporated. (YAI).

Mr Hatton you should come up and talk to us.

To be honest, the project would create jobs. This place and its people need jobs. We also need to make sure the work is done the right way. Its been done well so far.

We have had a good relationship with Buru and hopefully if the project goes ahead our people from this country, this area, can be in charge out there.

I really want to see our people running their own businesses on the Gas project, jobs like fencing, security, roadworks and environmental monitoring and water sampling. This way it creates opportunities for the next generation and everyone's future.

I look forward to meeting you.

Germaine Muller.

YAI Chairperson.
