

Dear Mr Hatton.

My name is Audrey Mulligan. I am a Warlangurru woman and a director of the Warlangurru Aboriginal Corporation. (WAC).

The last 4 years or so I think, I have had lots to do with Buru and Mitsubishi. It has been a good relationship.

I hope for the future of Noonkanbah and all the young people here that the project with Mitsubishi can go ahead.

We want to do it the right, proper way. Us working together with them mob looking after country and peoples future.

We look forward to welcoming you on country out here if you visit.

Audrey Mulligan.

AUDREY MULLIGAN
