

Dear Mr Hatton.

My name is Natalie Wardsmith. I work in the Kulkarriya School as an Aboriginal education aide and I am also on the school board.

I am speaking on behalf of my Aunty Rosie Mulligan. I'm also the grand daughter of Toby Jalka, a very senior and wise elder and now passed.

I would like to see more opportunities and work experience for our young ones and we want people to have jobs.

I would like to see our people working out there with Mitsubishi with shirts that have their names on them and our language group, Warlangurru.

We need help getting our people set up with White cards. They need more training.

Please come and listen to us and hear what we have to say.

Natalie Wardsmith
